

The Reid Technique of Investigative Interviewing & Advanced Interrogation

This single 4-day program is the most comprehensive program on THE REID TECHNIQUE® process. It has integrated all of our material from the standard 3-day program and 1-day advanced program into a single presentation using one outline book to give participants a complete presentation of THE REID TECHNIQUE®.

This training class will discuss the verbal and nonverbal behavioral symptoms that are displayed by a person who is telling the truth during a non-accusatory interview, as well as those who are withholding or fabricating relevant information.
