Injury and Death Investigations CJSTC#036

This course is part of the Criminal Justice Standards and Training Commission Advanced Training Program. Courses in the Advanced Training Program are designed to enhance an officer's knowledge, skills and abilities for the job he/she performs. The course will provide insight into investigating the complexity of these types of crimes. The student will understand how to conduct the initial crime scene investigation when a death is involved.

There is an attendance policy and those attending will be required to pass a written exam with an 80%. This course is eligible for salary incentive.

Course Topics Include:

- The Role of the Medical Examiner
- Evidence from Wounds
- Collection of Evidence
- Preservation of Evidence
- Police/Prosecutor Role in Case Preparation
- Crime Specific Investigations

Training Calendar <http://pstc.spcollege.edu/>

Lead Instructor

The lead instructor is Ed Judy. Ed is a retired homicide detective with 26 years of law enforcement experience with the Pinellas County Sheriff's Office. He is a certified FDLE instructor and specializes in law enforcement investigative training. Ed Judy has participated in numerous death investigations, conducted hundreds of interviews, 35 homicides as case agent, and was case agent on numerous officer-involved shootings. He is experienced in advanced training in death investigations, interview and interrogations, and kinesic interviewing.
