Red Dot Systems for Pistol Instructors Train the Trainer

The course of instruction will provide training to firearms instructors to give them the skills needed in teaching end users with the utilization of Red Dot Systems (RDS) for agency approved handguns. Additionally, the course will provide students with information on the various RDS for pistols and the best means of implementing RDS use at law enforcement agencies.

Students will show proficiency conducting teach backs on techniques learned. Students will show proficiency with a minimum score of **80% on a written test.**

EQUIPMENT: Weapon with optic sights. Duty gear, vest, w/ ear and eye protection and hat. **600 rounds of ammo**

Eligibility Requirements: Students must hold an active CJ High Liability Instructor Certification for Firearms and General Instructor Certification.

Course Topics Include:

- Identify types of RDS systems
- Implementing an RDS policy
- Instruction from iron sights to RDS
- Drills for end users
- Teach backs on techniques.
- RDS zeroing and sighting.
- Malfunction drills
